

INTRODUCTION

1.1 OVERVIEW

This website comes under "Food and Drinks" domain where I've chosen to create a website for Coffee and I named my website as **COFFEECLUB**

This website is classified into few pages which consists of

- > Home Page
- > Menu Page
- > About Page
- > Gallery Page
- > Testimonials Page
- > Contact Page

1. Menu page describes the types of coffee we prepare at our cafe .
2. About page gives the goal of our coffeecub .
3. The gallery shows our workspace and the team included in our cafe .
4. Testimonials are about the feedback received from our beloved customers about the coffeecub culture and taste of the drinks provided at our cafe .
5. The Contact us page gives the contact details of our cafe to reach out

1.2 PURPOSE

The main goal we can achieve from this website is, we can order our favourite coffee or we can add to cart and might be used it later.

LITERATURE SURVEY

2.1 EXISTING PROBLEM

We have many websites to order a cup of coffee which tends to the mystify of

choosing a good company's coffee.

2.2 PROPOSED SOLUTION

Hence, in order to demystify the problem, I've created this website which lands you to order your coffee from a well good company .
